

## Windows Telix Suite Upgrade your iTelix App

We have been busy, listening to our user's wish list and making the iTelix App even better!  
You may upgrade the free application **iTelix** from iTunes or Google Play stores to enjoy the new features and enhancements.

What is new in the latest iTelix App:

- Text avatars with vibrant colors will assist users to quickly identify the senders of the messages.
- Emails from unknown parties (i.e. not in your address book) will stand out with a ? (question mark) to spot those messages easier.
- The message list now includes the beginning of the email message. Along with the subject and the sender information this feature will allow easier quick browsing of your messages.
- You may now receive notifications for every single new email to your device, even when the iTelix App is not in use.
- Users may customize notifications to suite their individual needs: You may receive summary notifications for your incoming messages and/or detailed, turn sounds on/off, choose whether notifications about messages are shown in locked screen or not.
- Getting back to the list of messages after reviewing a specific message will now place you in the right position that is the last message reviewed.

These new features add to the existing iTelix App functionality like: Ultra-fast, friendly and easy to use, fully integrated with Telix suite, text to speech, direct phone call from your iTelix address book, touch screen gestures, close integration with the Telix suite, print messages from your phone.
