

OMNi LivePad Collaboration

Real-time teamwork, directly inside OMNi

LivePad is a real-time Omni collaboration tool that lets teams co-edit case notes, chat, and connect all relevant messages and documents in one shared space. Instead of scattered emails and disconnected files, LivePad brings everything together, so your team stays aligned, informed, and productive.

What You Can Do with LivePad

- **Co-edit in real time**
Work simultaneously with your team on notes, updates, and documents.
- **Centralize communication**
Link emails, files, and conversations directly to a shared LivePad.
- **Collaborate seamlessly**
Chat, annotate, and reference key information without leaving your workflow.
- **Create a single source of truth**
Keep all project-related content organized in one dynamic workspace.

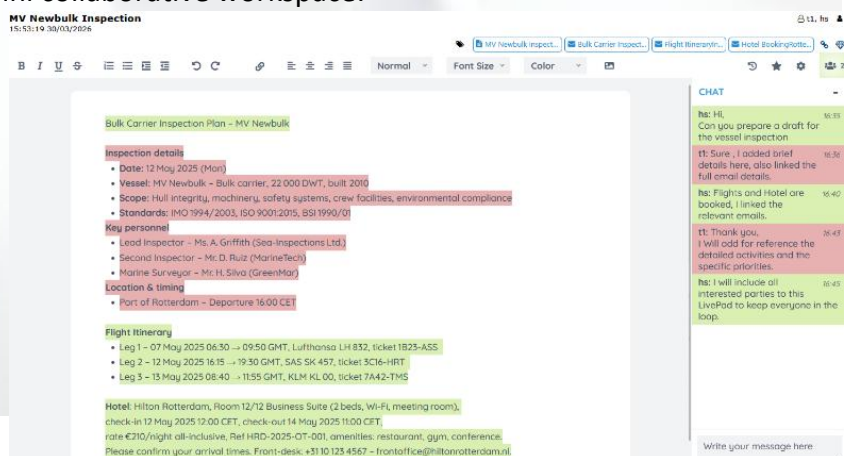

Use Cases:

- **Vessel Inspection:** Coordinate preparation, action plans, notes, results, photos, travel details, and final report while keeping all related emails and documents in one place.
- **Latest Fixtures:** Maintain a live, shared board of ongoing fixtures for your brokers team.
- **Hiring & Recruitment:** Track candidates, CVs, communications, evaluations, and hiring decisions collaboratively.
- **Project Proposals:** Co-author proposals, reuse templates, review drafts, and manage all supporting documents in one workspace.
- **Event Planning:** From initial concept to execution, track venues, offers, contracts, and preparation tasks in a single shared document

LivePad further extends your Omni collaborative workspace:

- Work together in real time
- Keep everything in context
- Eliminate information silos
- Stay aligned across teams

**One workspace
One team
Always in sync**
